

LMRA Housekeeping Help

Last Minute Risk Analysis

Always perform the following LMRA before starting the work at the client's house:

Do you wear your safety shoes from D.C.O. ?	Yes	No
Do you wear your work gloves when necessary ? (at least when cleaning a bathroom/toilet and doing the dishes)	Yes	No
Do you have your first-aid kit from D.C.O. with you ? If not, do you know where the first-aid supplies are located at the customer's house?	Yes	No
Do you only use approved cleaning products ? <u>No hazard symbol</u> or		
Is the equipment in good condition at the customer's location ? (eg. vacuum cleaner, stepladder, iron)	Yes	No
Do you always make sure to maintain a proper ergonomic posture while working ?	Yes	No
Do you feel comfortable working with this client ? (eg. a realistic work pace, respect/appreciation, no humiliating behavior, no bullying, no sexual harassment, no discrimination)	Yes	No
There are no other risks at the customer's house ? (eg. Is there a risk of falling or tripping? Are pets kept separate? Can you safely go up and down the stairs? Do you only use the first three steps of a stepladder? ...)	Yes	No

What do you do when you've marked "No" somewhere?

!!! STOP !!! DON'T START THE WORK YET—ADDRESS THE RISK FIRST!

First, take the necessary steps yourself to eliminate the risk.

If in doubt, contact your supervisor or the internal Safety Officer (Davy Van Dooren – cell 0493 510 511).

Resume work safely after resolving the unsafe situation!
